NOTE—Contn. Sheet

Letter No.C.1084 L.B./25-26 dated 16th June 1926 from the President, District Board of Mysore, Mysore, to the Chief Engineer of Mysore.

I have the honour to state that the total length of Seringapatam Chennarayapatna road is 38 miles within the jurisdiction of the Mysore District Board and that this road has at present a mileage allotment of Rs 125. This road runs in paddy flat bad soil for the first three miles and it is reported that metal and gravel have to be brough from a distance of 3½ and 1½ miles respectively.

Owing to heavy country cart traffic on this road, the Executive Engineer Mysore Division opined that the present mileage allotment of Rs 125 is insufficient and that it was necessary to raise it as detailed in the margin for its proper maintenance.

(1) From Rs 125 to Rs 200 for the first 12 miles.
(2) Rs 175 from 12th to 23rd mile, and
(3) to Rs 150 from 23rd to 38th mile.

The matter was placed before the District Board at their meeting held on 24th April 1926 when it was resolved that "the allotment for the first three miles only will be raised to Rs 200 per mile."

In submitting herewith a copy of the resolution of the District Board, I request that sanction of the Government may be kindly obtained to the Board's resolution with effect from the next official year.

The cost will be met from the lumpsum provision of Rs 40000 made under "B.Public Works" in the Draft Budget of the Mysore District Board for 1926-27 which has been submitted to Government for sanction.
